RETURN OF NLP PLASTIC CRATE 106 (BLUE)

Return/pick up from NLP of NLP plastic crate 106, the following stacks and transport safety are:

The crates are nestable 25 in height per stack x 4 stacks, total of 100 crates

per NLP plastic full pallet x 2, as shown in the picture below.

Two NLP plastic full pallets with a total of 200 crates, as shown in the picture.

All bars on the top crates on the bottom pallet must be in the closed position,

see picture below.

This also applies to the crates on the top pallet as it increases the transport safety.
